

## Moderation Business Easel

Outstanding folding system and ergonomic feet

### DESCRIPTION

Learning in groups enhances the training experience by capitalizing on each employee's skills, ideas, and expertise. It also develops valued skills such as communication and teamwork. The **Moderation Training System** focus greatly on collaborative setups and engaging visual ways of sharing ideas, reaching conclusions and retain knowledge. These professional moderation structures have ergonomic feet to keep users comfortably around the pinboard and are supplied with a carrying bag for increased convenience.
