

OPS Windows i5-1235U

Turn your display into a Windows PC

DESCRIPTION

The OPS Windows i5 was designed for seamless integration with interactive flat panel displays. It fits directly into the display's internal slot, eliminating external cables and clutter. Powered by an Intel® Core™ i5 processor with 8 GB RAM and 256 GB SSD storage, this OPS delivers smooth performance for presentations, collaboration, and interactive applications. This accessory transforms the display into a fully functional all-in-one PC, ideal for classrooms, meeting rooms, and professional environments.
