

C100 Modular Camera

Add vision to interaction with a camera designed for interactive panel integration

DESCRIPTION

Designed for modern classrooms, the **C100 Modular Camera** enhances teaching and learning on interactive flat panels. Its 4K camera with auto framing keeps teachers clearly in view, while VCM autofocus ensures sharp visuals during lessons and demonstrations. Built-in dual microphones with AI noise cancellation capture voices clearly across the classroom, supporting hybrid and distance learning. Easy USB-C plug-and-play makes it a seamless addition to any smart classroom setup.

C100 Modular Camera

Add vision to interaction with a camera designed for interactive panel integration

PRODUCT SPECIFICATIONS

Reference	BVC000107
Features	
Video Output	1 x USB C 3.0
Noise Reduction	Yes
Auto Framing	Yes
Image Optimization	Yes
Gesture Recognition	Yes
Remote Control	Yes
EPTZ	Yes
Compatibility	Integrates with our interactive panels YL7 and Zero Pro
Lens	
Image Sensor	Sony 8M 1/2.8inch 4K CMOS
Digital Zoom	8x
Focus Type	VCM Autofocus, assisted by TOF
Maximum Aperture	F/N2.1 ±5%
Focal Length	3.24mm ±5%
Maximum Viewing Angle	FOV: H 86°, V 54°, H 95°
Microphone	
Quantity	2
Pickup Range	6m
Noise & Echo Cancellation	AI Powered 3D Noise cancellation
Video	
MJPEG/H.265/H.264	4k@30fps, 2k@30fps, Backwards
Compatible, YUYV	1080p@60fps Backward Compatible
Packing	
Dimensions	105mm*105mm*70mm
